#### Gen. Lee's New Command

The Secretary of War Monday issued orders for the reorgnization of the military department in Cuba in accordance with the changed conditions resulting from the demobilization of the volunteers on that island. Up to this time there have been seven military departments in Cuba, constituting one military division under Maj Gen. Brooke, with headquarters at Havana.

Under the orders issued Monday the number of departments is reduced to five, the two eliminated being the Dapartment of Pinar del Rio, commanded by Brig. Gen. Hasbrouck, and the Department of Matauzas, commanded by Brig. Gen. Bates. The Department of Pinar del Rio is consolidated with the Department of the Province of Havana, and Brig. Gen. Lee, now commanding the latter department, is assigned to the command of the two departments thus combined

The Department of Matanzas is consolidated with the Department of Santa Clara and Brig Gen. Wilson, now in command of the last-named department, is assigned to the command of the new department.

Brig. Gen. Wood will continue in the command of the Department of Santiago, and Brig. Gen. Carpenter in command of the Department of Puerto Principe. Gen. Ludlow will remain in command of the Department of the City of Havana, and Gen Chaffee and Gen. Ernst and the other officers on the staff of Gen. Brooke will continue the performance of their present duties in connection with the military government of Cuba.

Orders have been issued to Gen. Brooke to discharge men in the regular army in Cuba who had enlisted only for the war with Spain. Considerable complaint has been made because these men were not allowed to return home, and those whose applications were refused have interested United States Senators and others to procure their discharge.

My wife has used Chamberlain's Pain Balm for Kheumatism with great relief, and I can, recommend it as a splendid liniment for rheumatism and other household use for which we have found it valuable.—W. J. Cuyler, Red Creek, N. Y.

Mr. Cuyler is one of the leading merchants of this village and one of the most prominent men of this vicinity— W. G. Phippin, Editor Red Creek Herald. For sale by M. M. Lewis, drug-

#### People Who Die.

The hotel proprietors in the south of France and the Riviera, that land of sanshine and roses, where the happifire than a death in the house at any all time, for a death is the worst luck that can befall them.

People go to the Riviera to enjoy themselves, and anything which reminds one of the dark side of life acts

So at the present day when notwithstanding all precautions a death does happen to occur at a Riviera hotel, the corpse is taken out the very next night by the back entrance and desposited in the nearest church or cemetery. No mention is made of the death by any of those who are aware of it, and if one of the attendants should chance to whisper a word of it to another it means instant dismissal, never mind how old a servant he is of the notel.

A very grewsome sight it is if you happen to be returning late to your hotel and chance to meet one of these si- 909 MAIN STREET, lent processions bearing a corpse to the conditions can you find out whose body it is, as strict silence is observed by the bearers.

Have Just Received Two Cars of POTATOES, neighboring church. And under no

I was reading an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the Worchester Enterprise recently, which leads me to write this. I can truthfully say I never used any remedy equal to it for colic and diarrhoea. I have never had to use more than one or two doses to cure the worst case with myself or children.—W. A. Stroud, Popomoke City, Md. For sale by M. M. Lewis,

#### Work in Wireless Telegraphy

Extensive experiments with wireless telegraphy are being conducted by the Signal Corps, of which Gen. Greely is chief in Washington. Several officers and engineers of the department are devoting practically all their time to work in this line. and it is hoped that very satisfactory results will be attained. If this should be the case the work would be pushed on at once to wider

The officers of the department have received explicit orders not to give out information as to the progress of their experiments. This, one of the superiors explained, was not because of any secrecy connected with the matter, but because, in the present stage of proceedings, no one could tell whether or not anything would be accomplished. The officer remarked that perhaps the Signal Corps might soon send messages to Fort Myer without wire, and perhaps only as far as the Washington Monument, but the Signal Corps had as yet but began the experiments, and could not prophesy even as to the probability of results.

Tetter, Salt-Rheum and Eczema, The intense itching and smarting in cident to these diseases, is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad es have been permanently cured by it. It is equally efficient for itching piles and a favorate remedy for sore es, chapped hand, chilblains, frost bites and chronic sore eyes, 25cts. per box. For sale by M. M. Lewis

#### LANDRETH'S

## A SMALL SPOT MAY BE CANCER.

MOST VIOLENT CASES HAVE

The greatest care should be given to any little sore, pimple or scratch which shows no disposition to heal under ordinary treatment. No one can tell how soon these will develop into Cancer of the worst type. So many pesple die from Cancer simply because they not know just what the disease is; they naturally turn themselves over to the doctors, and are forced to submit to a cruel and daugerous operation—the only treatment which the doctors know for Cancer. The disease promptly returns, however, and is even more violent and destructive than before. Cancer is a deadly poison in the blood, and an operation, plaster, or other external treatment can have no effect whatever upon it. The cure must come from within—the last vestige of poison must be eradicated.

Mr. Win, Walnole, of Walshtown, S. D. says: "A

Mr. Wm Walpole, of Walshtown, S. D., says: little blotch about the size of a pea came under my left eye gradually growing larger, from which shooting pains at intervals ran in all directions. I became greatly alarmed and consulted a good doctor, who pronounced it Cancer, and advised that it be cut out, but this I could not consent to. I read in my local paper of a cure affected by and advised that it be cut out, but this I could not con-sent to. I read in my local paper of a cure effected by S. S. and decided to try it. It acted like a charm, the Cancer becoming at first irritated, and then discharging very freely. This gradually grew less and then discon-tinued altogether, leaving a small scab which soon drop-ped off, and now only a healthy little scar remains where what threatened to destroy my life once held full sway." Positively the only cure for Cancer is Swift's Specific—

#### S. S. S. FOR THE BLOOD

—because it is the only remedy which can go deep enough to reach the root of the disease and force it out of the system permanently. A surgical operation does not reach the blood—the real seat of the disease—because the blood can not be cut away. Insist upon S. S. S.; nothing can take its place.

S. S. S. cures also any case of Scrofula. Eczema, Rhenmatism. Contagious Blood Poison, Ulcers, Sores, or any other form of blood disease. Valuable books on Cancer and Blood Diseases will be mailed free to any address by Swift Specific Company. Atlanta Georgia.

#### Another Winnie Davis Memorial.

The beautiful tablet in memory of Miss Winnie Davis to be placed in St. Paul's Protestant Episcopal Church, in this city, is the gift of Mr. Ambrose A. Maginnis, a prominent and wealthy citizen of New Orleans, who has always been a warm friend of the Davis family. The modeling of the tablet in plaster has just been completed by Mr. George

J. Zolnay in his New York studio. The tablet, which is something over five feet long and three feet wide, is at once to be cast in bronze by the Henry Bonnard Company. The vestrymen of St. Paul's Church and Mrs. Davis, act ing for Mr. Maginnis, have formally accepted the work. Mrs. Davis consid ers the portrait of her daughter a faithful likeness and is highly pleased with the sculptor's artistic conception.

The inscription consists of the words The Daughter of the Confederacy. Then follows the dates of Miss Davis' oirth and death, and the following Blessed are the pure in heart, for they shall see God. "- Richmond (Va.

Remarkable Rescue. Mrs. Michael Curtain Plainfield, Iil makes the statement, that she caugh old, which settled on her lungs; she was treated for a month by her family physician, but grew worse. He told her she was a hopeless victim of com sumption and that no medicine could cure her Her druggist suggested Dr. King's New Discovery for Consump-tion; she bought a bottle and to her de-light found herself benefitted from first dose. She continued its use and after taking six bottles, found herself sound and well; now does her own housework, and is as well as she ever was. Free trial bottles of this Great Discovery at M. M.
